Sapal DCP0600 (ML4)

Preventive maintenance options for the endless screw gearbox reducers N°71.470.3932

In order to keep your machines running smoothly, improve your production flow while keeping your costs under control, preventive maintenance is your best ally. Two options are available for the revision of the 4 existing endless screw gearbox reducers installed on your DCP0600 (ML4)*.

OPTION 1: REPAIRING

The defective material is sent to Sapal to be checked, repaired once the offer is accepted and then returned to customer.

OPTION 2: STANDARD EXCHANGE

Customer receives a refurbished gearbox reducer as a replacement for his existing and defected one which must be sent to Sapal.

If you are interested, ask for an offer at service@sapal.ch with your needs and the reference: C_FROM_DCP_2021.07

BENEFITS

- Reduced maintenance costs
- Stock Optimisation
- Availability of the machine preserved

**Not applicable for the old gearbox reducer version
Upgrade available on request.*
