

Original non-stainless steel chain

In order to keep your Sapastock running smoothly and to improve your production flow while keeping your costs under control, preventive maintenance is your best ally.

DESCRIPTION:

The replacement of a pair of original chains non-stainless steel chains on the Sapastock, adjusted by our specialists, will make you have around 10 years more lifetime, according to our experience.

Not original chains, incorrect parallelism, over-extension or over-tensioning of chains can lead to breakage.

Interested?

Ask for an offer to your contact person at Sapal or at service@sapal.ch with your needs and the reference: "C_Sapastock_2022"

**Please note:*

Delivery time for a pair of chain is around 3 month

BENEFITS

- Increased life span of your equipment
- Optimal support by our experienced technicians
- Minimization of costs and delays linked to a line stop
- Availability of the line preserved
